FCB-M

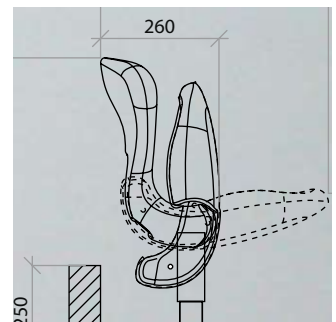

FCB-L / FCB-LK

FCB-XL / FCB-XLK

Desk 700R

Specs

The basic shell seat forms the starting point of the FCB seat range. This distinctive seat is blow moulded in durable polymere and provides comfort and durability in a depth of only 400mm.

FCB-S – riser mounted

# FCB-S

Mounted on step

Seat numbering detail

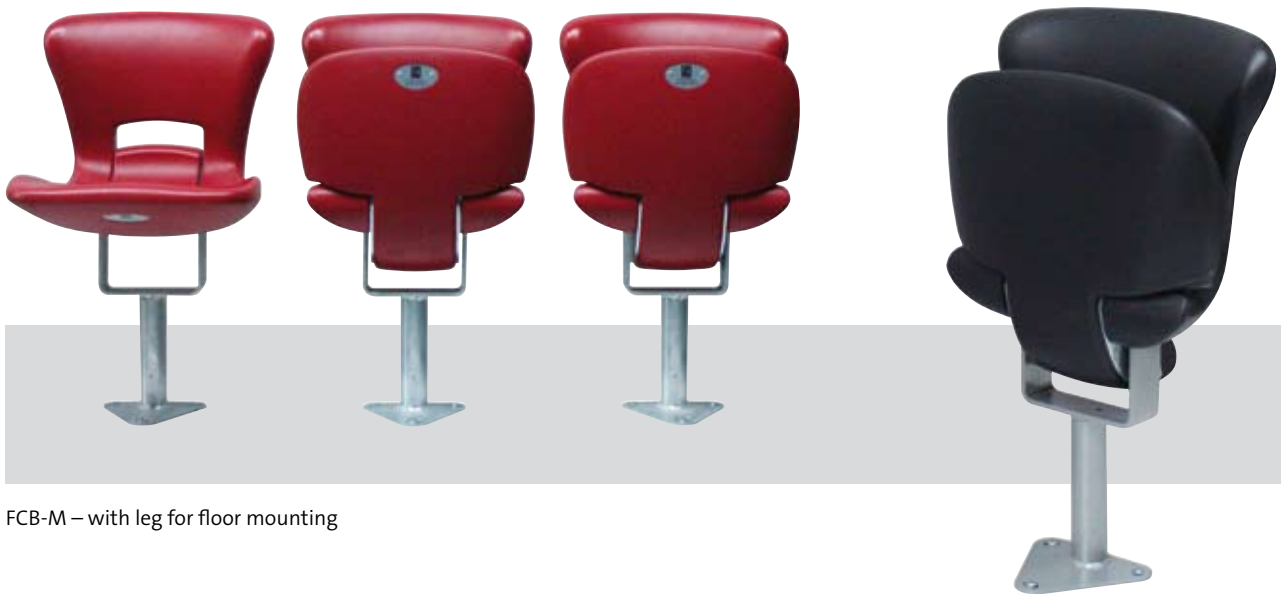

Drain hole

Shell seat FCB-S – closed all around designer shell, without any sharp edges or gaps to collect dirt or rubbish

The M version is the centrepiece of the FCB range with its wide contoured seat and ergonomically shaped back. The slim folding mechanism provides maximum seatway even in the narrowest row depths. The integrated maintenance free rotating mechanism with interior counterweight ensures a perfectly engineered fold back.

FCB-M – with leg for floor mounting

Recessed area for seat number plate

Tubular steel armrests with polymer pads & cushioning according to the client's wishes

The seat can also be mounted on retractable platforms due to its minimal depth

Tip-up seat FCB-M – riser-mounted (also available in beam mount configuration)

Extremely comfortable VIP seat with integrated armrests, upholstered with high-quality fabric or artificial leather cover. An ergonomically shaped moulded foam shell on a sturdy tubular steel frame forms the basis. In addition to the basic VIP seat, the seat range is complemented by a tip-up version incorporating our maintenance-free, interior rotating mechanism with integrated counterweight.

VIP shell seat FCB-L – Floor-mounted

VIP tip-up seat FCB-LK – floor-mounted

# FCB-L

UV-resistant artificial leather cover for outdoor use

Cover in two contrasting tones emphasises the organic shape

Free-standing chair with swivel base for conference use

Riser-mounted VIP shell seat FCB-L – shown here in top quality genuine leather

The extended backrest for the highest demands in comfort distinguishes the VIP seat FCB-XL. The high-quality upholstered foam shell with integrated armrests is available in a basic as well as a tip-up version with our maintenance-free rotating mechanism with integrated counterweight. Both versions have an identical profile.

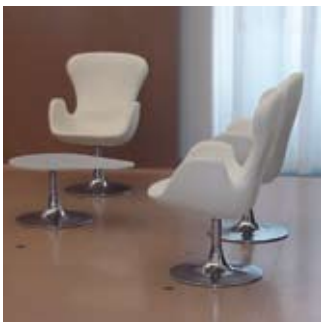

VIP shell seat FCB-XL – riser-mounted

VIP tip-up seat FCB-XLK – riser-mounted

# FCB-XL

Leather seats with chrome-plated trumpet feet for waiting area

All VIP seats with exchangeable zip-on covers

Upholstered seats in VIP section with embroidered logos

FCB-XL – with foot and round base for floor mounting

Desktop 700R, up-position

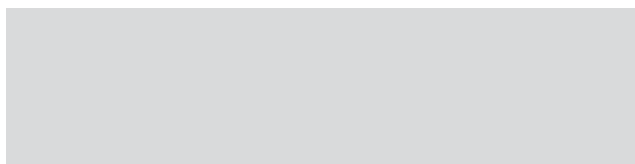

Blow-moulded desktop – formally matched to seat family FCB

700R plus & FCB-L/LK – comfort for upscale conference areas

Pencil groove & coloured writing surface upon customers' request

Desktop 700R plus with modesty panel and optional power and data sockets – with FCB-L or FCB-LK seat

Detail of 700R plus with panel and optional power and data

Detail of desktop bracket 700R XL – simple elegance

# 700R

A desk system specifically designed for the FCB seating range, provides exciting solutions for auditoria & lecture theatres.

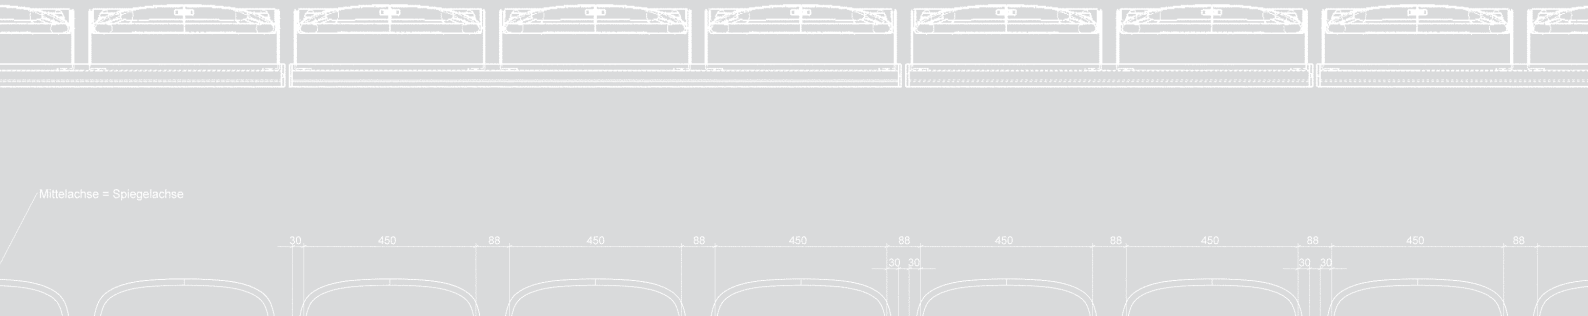

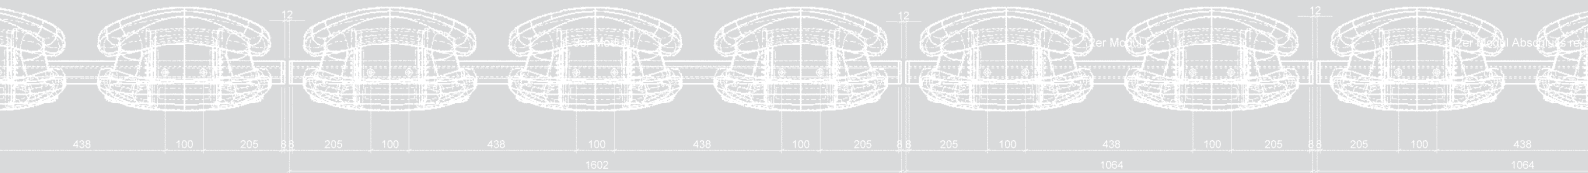

Model 700R XL with large desktop – FCB-M seats with transverse mounting

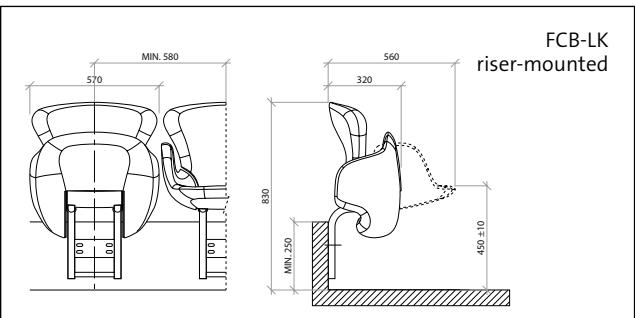

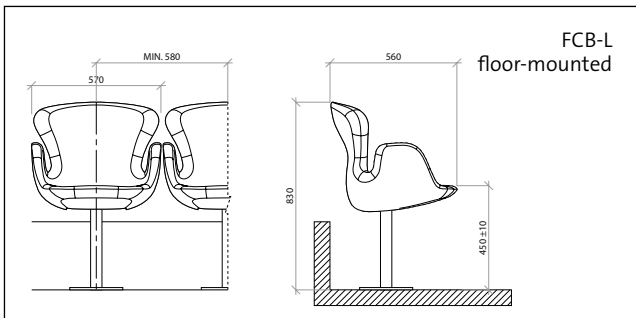

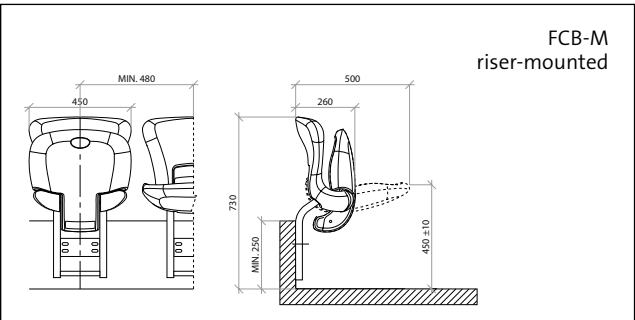

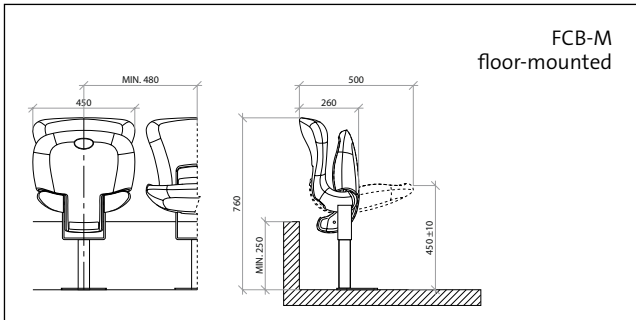

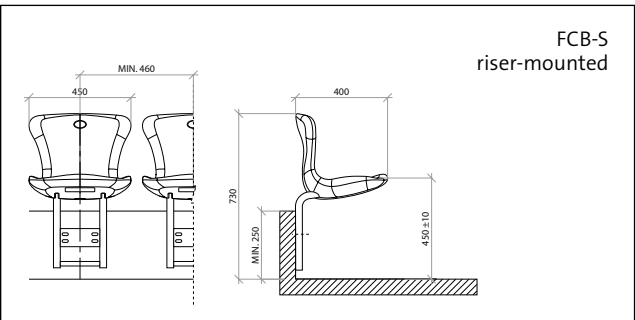

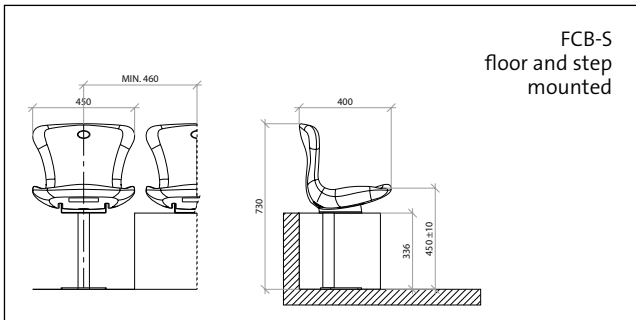

Desk 700R – with tip-up seat FCB-M
